"APS (Art of Private Shaking) Glass & Bar Supply" GmbH was founded in 1992. Currently we have more than 100 employees across Europe who are eager to help with any request.

Our first European subsidiary was established in The Netherlands (Amsterdam) at the beginning of 2004. Followed by APS Poland (Warsaw) in 2007 and APS Czech Republic (Prague) in 2009. Our 2nd subsidiary in Germany (Stuttgart) was opened in 2010 followed by APS Belgium (Brugge) in 2014 as well as APS Baleares (Mallorca) in 2016. Our latest subsidiary in Germany (Cologne) was established in 2020.

Due to our sources around the world we guarantee the best value prices. We do many MTO "made to order" items such as custom bar mats, stirrers, imprinted straws, vinyl and s/s shakers, holders for napkins, special pourers, ice buckets and other bar and custom designed table top items. We love the challenge to fulfill B2B customer's requirements.

With our own printing facilities in Germany and Poland we are independent from decorators and able to offer all kinds of decoration on most of our items without having big MOQs.

We distribute all products throughout Europe using alliance partners in Sweden, France, Switzerland, Spain and the UK the same way as we do with our own subsidiaries. This Alliance group helps to comply customer requests all over Europe.

After more than 30 years, we have gained worldwide experience and knowledge by travelling, sourcing and communicating with suppliers and customers. This is one strong part of our today's professional competence.

Safedge® Rim Guarantee

For over 70 years, Libbey's proven commitment to quality has been backed by our well-known guarantee, "a glass if the rim of a Safedge glass chips." If the rim of any glass covered by the safedge guarantee chips, Libbey will replace or refund the price of the glass when it is returned to the dealer/distributor from whom it was originally purchased. Of course, this guarantee does not cover breakage.

Finedge®

Finegde glassware features a minimum bead and is available on a variety of tumblers and stemware. This finely rimmed glass-ware brings subtle beauty to any establishment.

Safedge® Rim and Foot Guarantee

If the rim or foot of any one-piece stemware item chips, Libbey guarantees to replace or refund the price of the glass when it is returned to the dealer/distributor from whom it was originally purchased.

This quarantee covers such lines as Embassy, Embassy Royale, Lexington, Catalina, Teadrop, Perception, etc. This quarantee does not cover breakage.

Heat-Treated Glassware

Libbey's heat-treated tumblers and stemware are created through a special heating and rapid cooling process after the glass is formed. This secondary process on the "blown" glassware is performed only on the upper portion of the glass where most abuse occurs.

Libbey's heat-treated glassware offers increased resistance to thermal and mechanical shock and is recommended for fast service cycle operations.

Sheer Rim/D.T.E.®

Libbey's Sheer Rim/D.T.E. (Dura Temp Edge) stemware and tumblers feature a beadless edge which is first cracked-off then polished to produce a fine, yet durable edge. This creates a combination of elegance and affordability in glassware for operators looking to upgrade their beverage service, while still maintaining longer service life.Sheer Rim/D.T.E. Tumblers and Stemware are guaranteed against chipping of the Rim.

DuraTuff®

The Libbey DuraTuff treatment is a special thermal afterprocess for „pressed" tumblers and stemware such as Gibraltar, Inverness, Everest, Paneled Tumbler, Dakota and Endeavour. The DuraTuff process is performed only on the upper portion of pressed tumblers and stemware to increase their resistance to thermal and mechanical shock. Libbey's DuraTuff process produces durable glassware with prolonged service life for the foodservice industry. Look for the DuraTuff name embossed on all Libbey DuraTuff products.

- One Porthole
- Three photo-etched stainless steel filter screens of varying densities.

ROYAL PORCELAIN

Classic white

Is Thailand's Royal Porcelain Manufactory, founded in 1983 and today one of Asia's leading porcelain manufacturers using state-of-the-art German, Japanese and English machinery.

We have been carrying this product for 22 years and have not had a single complaint to date. High edge strength and a high firing temperature guarantee the quality requirements of every gastronomy. We give you a edge protection of 5 years on every single product and a post-purchase guarantee of 10 years.

The white is very similar to many other manufacturers' products and can therefore be easily integrated into other manufacturers' inventories.

The depth and breadth of the range cover all wishes and possible combinations. In the event of dissatisfaction, we will take back any unused product without complaint and without discussion.

FILIPPA

Classic chic

Is the second born daughter of our managers in the Netherlands and we have named this simple and elegant series after her.

Produced in a factory with more than 200 years of experience, managed in the fourth generation. In 2015 we visited the factory and decided to let the production, the tradition, the working conditions and the raw materials produce our own wishes and designs. Here too, we provide edge protection and a 10-year availability guarantee.

HBS1200-CE • Revolution
Get the right portion of ice every time with the Revolution™ portion system.

- Revolution™ Portion System -

CUSTOM-MADE

If you are interested or if you have any questions, please don´t hesitate to contact us.

Custom-made stirrers.
We print stirrers that we have on stock within one week from 1000pcs. up. Custom made moulds are available for a minimum of 50.000pcs.

Print on Vinyl
Barblades with vinyl coating are perfect as a gift for promo-tional business.

We are able to print logos which **look like they are laser engraved.** This special printing technique is done by silk screen process. Different colours are also available and much less in price compared to high price laser engraving. We print on stainless steel with pad- and silk screen machines. Due to a special pre-treatment long lasting prints are possible even on highly polished surfaces like shakers. Multi-coloured logos are also possible. A permanent logo is achived by laser engraving on stainless steel products. We can also polish after laser application for a more subtile apprearence of your logo – ask your sales person for details.

Print on Wood
Print, laser marking and hot stamping is available for wooden products.

Print on Vinyl Shakers
Cocktail Shakers with vinyl coating are perfect for promotions. Not only are these shakers very popular due to their grip and insulation effect, prints in multi colour are possible with good visibility.

Vinyl Colours
From orders above 300pcs. we produce every PANTONE COLOUR for you.

We print on our regular bottle pourers – on the spout, collar or wherever it's possible. Custom-moulded pourers can be developed for all kinds of markets. Tell us about your needs.

1 Colour
Every Pantone Colour is possible.

3 Colours
Silver and gold are also possible.

2 Colours
90% of all our customers have 2-colour printings.

4 Colours
Silver and gold are also possible.

Satin Etch
Looks like engraved or etched. As a very popular trend continues, we keep track of our customer's whishes. „Less is often more". Instead of printing multi coloured logos with too much details, we print a special colour named satin etch. This subtle colour can range from solid white to nearly transparent. This look gives the glass an elegant attitude.

Special shapes and positions
No matter if the glass has a handle, is curved or V-shaped or the customer wants an unusual printing position like on the base or vertically; we will find a way.

Outlet & Brand Logo
We produce your glasses with your brand logo, store them and add an outlet logo upon order and ship it individually to the customer in time.

Front & Rear
Small quantities for shows and events.

Irregular Printing Positions
We can reuse the same printing plates for different glasses. You define one size and you can get a series of different glasses with the logo at different positions. By repeat orders or orders with different products, we can provide small qntys even if the printing position is uncommon or irregular.

Capacity Lines
We have a licence to print capacity lines with CE approval.
